--------------	--

Ageing	In stainless steel tanks.
--------	---------------------------

Description

In Brief	An alcohol-free wine with great balance and finesse. It has the nose and palate of a Mosel Riesling with persistent freshness and very few calories. An excellent choice for the occasions when you cannot drink alcohol. When tasted blind experienced tasters cannot tell that the wine is indeed alcohol-free because of its great balance.
----------	--

Tasting notes	Elegant pearls. Pale lemon colour. Intense on the nose with the typical for the variety aromas and fruity character - peaches, apples and lemons. Excellent freshness and pleasant bubbles until the end.
---------------	---

Food Pairing	Excellent as an aperitif. It goes well with salads, seafood, light meals and some lighter desserts.
