Vinification

Grapes harvested at 24-25° Balling, vinified block by block using a variety of fermenters to build a spectrum of tannin and fruit profiles. After fermentation the wine underwent malolactic fermentation and was returned to barrel.

Ageing

15 months in a combination of new, second- and third-fill French and American oak barrels.

Description

In Brief

The Manor House takes its name from the beautifully proportioned Cape Dutch manor house built in 1800. The fruit comes from selected top-performing vineyards across the coastal Western Cape.

Tasting notes

Dark ruby in colour with layered aromas of black fruit, spice, and violet. On the palate: rich and ripe, with succulent dark berries and hints of sweet oak spice, finishing long, smooth and velvety.

Food Pairing

Hearty lasagna, a tender lamb, or slow-roasted pork.
