Ageing	In stainless steel tank at a constant low temperature before bottling.

Description

In Brief

Deep underground in the hillside above Stellenbosch sits a secret wine cellar. Inspired by the historic cellars of France and Germany, this location harnesses nature's natural cooling elements and keeps its exclusive wines at a constant temperature, even in the fiercest African summers. Hidden away, this charming cellar is still used to store wine.

Tasting notes

A ruby red colour. On the nose: lovely peppery notes and juicy black fruit flavours. Succulent, round and juicy on the palate with velvety tannins and a pleasant fruity finish.

Food Pairing

Ideal with roasted meat, pasta dishes and cheeses.
