| Winery      | Santa Rita   |

## Technical Data

|                        |                                                                                                                                                             |
|------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Grape Varieties        | Cabernet Sauvignon                                                                                                                                          |
| Type                   | Dry red wine                                                                                                                                                |
| Bottle Sizes Available | 750 ml                                                                                                                                                      |
| Closure                | Technical cork                                                                                                                                              |
| Vinification           | Grapes are picked at the targeted ripeness, destemmed and gently crushed, then sent directly to ferment. Alcoholic fermentation lasts 5-10 days at 25-28°C. |
| Ageing                 | Approximately 3 months in French oak.                                                                                                                       |

## Description

|               |                                                                                                                                                                                                  |
|---------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| In Brief      | Tres Medallas Cabernet Sauvignon comes from the Maipo Valley - an easy-drinking, everyday fresh wine.                                                                                            |
| Tasting notes | Ruby red colour of great intensity and depth. Spicy, fruit-forward aromas, with ripe red fruits such as strawberry and morello cherry. On the palate: soft, round tannins with excellent volume. |
| Food Pairing  | Traditional dishes such as empanadas, corn pie, humitas and beef stew. Serve between 16-18°C.                                                                                                    |

## Notes
